# PROMISSORY NOTE SYSTEM

Can't pay the full tuition yet? Pay at least **75%**, file a **Promissory Note** for the remaining balance — the **Registrar or Admin approves it**, you're **notified right away**, and you can **enroll & enlist your subjects**.

## HOW IT WORKS

the 75% rule, step by step

1. **PAY AT LEAST 75% OF TUITION** — the **Accounting / Cashier** records your payment with an Official Receipt 💵 recorded at the cashier and your dashboard progress bar updates automatically.

2. **FILE YOUR PROMISSORY NOTE** — at 75% your dashboard turns PN ELIGIBLE and the **remaining balance is auto-computed** as your PN amount — add your reason, promise-to-pay date, e-signature, and the **required ID photos** (school ID front & back + guardian valid ID front & back).

3. **REGISTRAR / ADMIN REVIEW** — the filing notifies the Registrar 🔔 new PN pending who checks your % paid, PN amount, reason and signature — then **Approves** ✓ or **Rejects** ✕ (with remarks; you may re-file). The **Admin** may also approve or reject **any** filing.

4. **YOU GET NOTIFIED RIGHT AWAY** — ✅ PN APPROVED! lands in your notification bell *dayon* — approval automatically **unlocks enrollment** and the printable PN document.

5. **ENROLL & ENLIST SUBJECTS** — tick your subjects up to max 24 units, then ✓ Confirm Enrollment — the Registrar receives your official enrollment summary. Fully-paid students skip the PN entirely.
